INTERNATIONAL DIALOGUE ON HIMALAYAN ECOLOGY

Dr. R C Thakur, Dean, Faculty of Agriculture participated in International Dialogue on Himalayan Ecology at Shoolini University, Solan from Jan.31 to Feb. 1, 2016. The Dialogue focused on the problems of Himalayan region. Dr.Thakur emphasized that the Himachal farmers have Mixed Farming as the only viable Agricultural Model .

STUDENTS PARTICIPATION IN FIELD OPERATIONS

The students are given practical field training. Here in the pictures given below, they are busy in filling the flower pots after preparing a mixture of soil, sand and well decomposed farm yard manure.

The students then fill the pot after checking the drainage hole at the bottom and laying the first 5 cm layer of gravels so as to ensure proper drainage of excess water. Each student then plants a flowering plant and undertakes to take care of that. The students did earthing up of fruit basins, removed the weeds from the uncultivated area as well and used them as mulch in the basins.

NIRANKAR EXISTS AND PERSISTS by Dr. Promila Abhilashi

A Tribute- "His Holiness", Baba Hardev Singh Ji Maharaj was born on 23 Feb. 1954 in Delhi, India. His father Baba Gurbachan Singh and mother Kulwant Kaur were famous religious leaders. He completed his elementary education from Yadvindra Public School, Patiala, Punjab. He completed his later schooling from Rosary Public School, Sant Nirankari Colony, Delhi. He graduated from Delhi. He married to Sawinder Kaur in 1975. His spiritual career began as a member of the Nirankari Seva Dal in 1971. His father Gurbachan Singh was heading the Sant Nirankari Mission. Sant Nirankari mission was established in 1929 by Baba Buta Singh who previously belonged to the Nirankari section. He was succeeded by Baba Avtar Singh. The Mission flourished after it shifted its base from West Punjab in 1947 to Delhi. After the assassination of his father Baba Gurbachan Singh, Baba Hardev Singh succeeded as the chief leader (Satguru) of the organization in 1980. In 2000, he established the Nirankari Museum in Sant Nirankari Sarovar Complex, New Delhi. At present, the organization has 2000 centers and million of followers all over the globe. Unfortunately, he met an road accident on 13 May 2016 at Montreal in Canada and sought Bhramleen on 13 May, 2016. Abhilashi Group of Institutions and Abhilashi University deeply mourned the sudden demise of Satguru Baba Hardev Singh Ji Maharaj and pray almighty to lay the departed soul at peace. Abhilashi Group of Institutions and Abhilashi University not only suspended its ongoing program and cultural functions, but closed all the institutions on 14th May, 2016. His memories will always remain and we continue blessed by the departed soul in all time to come as Abhilashi University and other Group of Institutions were

founded by His Holiness Baba Hardev ji Maharaj. Baba ji in the NIRANKAR form is all around us. His existence and persistence not only we feel and observe but it will keep guiding and blessing all of us.

WELCOME ADDRESS BY PROFESSOR H.S.BANYAL:-

In his welcome address, Prof. Banyal gave the back ground history of Abhilashi University and its establishment. He highlighted the various infrastructure facilities available to different staff, faculty members and students in respect of Laboratories, Library, Ayurveda Hospital, Agriculture farm, Transportation and Wi-Fi at the campus. He also informed the chief guest about the progress of various ongoing under graduate and post graduate programs such as B.Sc. Agriculture, B.Sc. Nursing, B tech & M tech, B. Pharmacy, B.A.M.S. and new P.G. Courses such as M.Sc., M.Phil., Ph.D. in Chemistry and Zoology respectively that are being introduced from the ensuing academic Sessions 2016-17. He further informed that a course in Bachelor of Physiotherapy (B.P.T) is also being introduced from the ensuing academic sessions and therefore, the present student strength of 600 hundred is likely to cross 1000 mark with the commencement of these new courses in the University. He also emphasized that teaching should not be confined only to class room and the teacher has also to play a vital and significant role in the society as he is considered to be the best one for inculcating good moral values and building the career of students. He finally said that this faculty development program which is second in series will prove helpful in updating the knowledge and teaching skills of the teacher. He finally expressed his gratitude & thanks to the Chief Guest for his benign presence and to grace the occasion of inaugural session of faculty development program at the campus.

ADDRESS BY HON'BLE CHANCELLOR DR. R.K. ABHILASHI:

The Hon'ble Chancellor Dr. R.K. Abhilashi expressed his gratitude to the Chief Guest Prof. Timothy A. Gonsalves for visiting the University Campus. He said that it was our dream come true that this university has come up and established with the kind grace and blessings of Nirankari Baba Sri Hardev Singh ji Maharaja. Now the State Govt. of Himachal Pradesh has approved the "Abhilashi University" from the academic year 2014-15 and students from the H.P. as well as from other part of the states like Assam, Arunachal, Sikkim and U.P. are seeking quality education. He was confident that this faculty development program will be very fruitful in updating the knowledge of teachers and would be used to brighten up the future of students.

KEY NOTE ADDRESS BY PROF. TIMOTHY A.GONSALVES DIRECTOR IIT MANDI:

In his inaugural speech on topic "Innovation for better India " Dr. Gonsalves highlighted the role of Engineers in our society i.e. Engineer and Engineering purpose. He further gave the definition of the Engineer. Engineer is one who helps solve the problem of the society by doing innovation for their betterment. In his words; India is a land of contrast. For example in Himachal people are rich and rural population in H.P. is 90 percent whereas in other state it is 60-70 per cent. Therefore, bridging Rural-Urban divide is important. In United State only 5 percent is rural where as in India, Urban India and Rural India it is 20:1. There will be environmental disaster and as such there is need for sustainable rural development.. Finally innovation in Academia, new idea need to be tried one by students and to work closely with business entities to ensure commercial viability and also to learn from past failures is the key to the success. Dr. A.S. Guleria Dean of studies and Coordinator of the Faculty Development Program proposed the vote of thanks.

In the afternoon session of 27th June 2016, Vice Chancellor Prof. H.S. Banyal delivered his lecture on an important topic "Bio-diversity and Malaria". He explained and elaborated that diversification of life is known as Bio-diversity. Therefore, Bio-diversity is variability within and between microorganisms, plants and animals. In this regard our Grater Himalaya is very rich in medicinal and aromatic plants. He further explained that there would have been no life had there been no variability in this universe. He highlighted the variability and diversity in medicinal, aromatic plants, animal drugs, natural products and various extracts there from. He further dwelled on methods to manage malaria via Vector Control, Chemotherapy Immunotherapy.

Participants of FDP with the guests.
